

Logistics

Stay

30-90 days

Eat

While most meals are made up of chicken, beef and fish served with rice or potatoes - for the more adventurous there is alligator tail, oven-baked armadillo and *patasca*, which translates as cow's head soup! Yum!

Sleep

Depending on the timing of your placement you will stay with a mission family, at the FT base or in the home of a Bolivian; either way your stay will be comfortable

Work

Depending on the area which you serve in your work will vary. In each area you will work alongside Bolivians and mission workers while being guided and supported by a team member

Play

On days off there is a lake about 20 minutes from town where you can enjoy a nice meal and go swimming. There are also a number of nearby rivers where you can fish for piranhas or take a river trip. Throughout the year there are local festivals and cultural events which you will definitely enjoy!

Fundación Totaí, Trinidad

Your placement could be used to visit one of the earth's most diverse places, including differences in climate, landscape and culture.

You will begin by meeting everyone at Fundación Totaí where your placement will be based and finding out the many activities to get stuck into, FT is a Christian organisation with a team of 30 workers, everyone is committed to reaching out to the community by sharing the gospel and love of Christ. It offers so many activities for the community and would be a brilliant place for you to get involved in!

The main language in Bolivia is Spanish, therefore some understanding of the language could come in very useful - but a number of people at the organisation speak English so

it's not essential. The only requirement is that you come with an open heart and mind, ready to serve in anyway you can. Whatever your interests are, there are so many activities to get involved in,

whether it be health services, sports, community work, education or administration. Depending on your gifts you could help teach, coach football and basketball, work with kids who live in the prison with their parents or work behind the scenes to help support the team.

There are young people in every area of FT and often volunteers from all over the world. FT's desire is that each volunteer is blessed during their time in Bolivia and when returning home, they are encouraged to grow in their daily walk with God.

Your Experience

After your time with FT is completed you will have had opportunities to share your faith, develop friendships with locals and overseas workers, learn new skills and techniques, learn Spanish or improve your

knowledge of the language and gain first-hand experience of the challenges of daily life in a developing country. And lastly, you will be challenged and urged to grow in your walk with the Lord.

'Shout the news of his victory from sea to sea, take the news of his glory to the lost, news of his wonders to one and all!'

Psalm 96 v.3
